Sir:

In response to the 5/19/03 requirement, in the above identified application; for restriction for examination purposes between Group I drawn to a microcontact printing stamp member involving claims 1-10; and Group II drawn to a fabrication process of a microcontact printing stamp member involving claims 11 to 15; applicants hereby elect Group I involving Claims 1 - 10 for examination purposes. It is respectfully requested that the unelected claims 11 - 15 be held in abeyance pending decision on filing of a divisional application with the understanding that if those claims were to be the only impediment to allowance examiner is authorized herewith to cancel them.

Informal drawings, 3 sheets, with assumed better clarity for examination purposes are provided herewith for replacement with examiner's approval for the informal drawings filed with the application.

Respectfully submitted,

*Alvin J. Riddles 6/5/03*
